

## 2.2.2 RUSTIBUS® 20 NEEDLE / CHISEL SCALER

The Rustibus® 20 Needle scaler is one of the most powerful needle scalers available. This hand held, pneumatic scaling machine is ideal for use on those awkward hard to reach corners, pipe joints and those few other areas that the other members of the Rustibus® range have difficulty reaching. When used in conjunction with the other Rustibus® machines, the Rustibus® 20 completes your set, for a full comprehensive surface maintenance system. Rustibus® 20 comes equipped with a 7" / 18 cm Flat Chisel and fitted with 5" / 13 cm Needles.

Delivered with Machine.

### Technical Information:

Weight: 3kg / 6.5lb
